Frequently Asked Questions

What is the difference between a “QuickSearch” and a UCC-11 Search?

QuickSearch has fewer parameters available but will instantly provide a summary of the search results in your browser and is free to complete. The search results returned include: File Number, Lien Type, Debtor Name, Debtor City/State, Secured Party, Filing Date, Lapse Date, current Status and an indicator of whether a Termination is on file. QuickSearch results can be exported in multiple formats for your records. Copies of the document images are not included with QuickSearch results but can be requested from the results page by selecting the filings of interest and clicking on the “Request Copies” option and paying the fee of \$4.00 per document requested.

A UCC-11 Search will result in a certified search certificate and costs \$7.00 per search to complete. [RA9 Search Logic](#) is used for all UCC-11 searches. The downloadable search results that are returned will include: A Cover Letter defining your search criteria and a Search Certificate containing Debtor Name(s), Type and Address; Secured Parties Name, Type and Address; and Filing Number, Filing Type, Filing Date for all related filings. Copies of the document images are not included with UCC-11 Search results unless you select the option to include document copies and pay the additional fee of \$4.00 per document.

When should I use the UCC QuickSearch?

If your ultimate goal is to order a copy of a UCC filing, then the QuickSearch may help you find and order those copies more easily when you do not already know the filing number. You do not need to complete a UCC-11 search in order to order a document copy.

If your ultimate goal is to purchase an official search result listing, then it is recommended that the QuickSearch be used prior to submitting a UCC-11 information request in order to:

- Identify alternate names that a filing may have been entered under (Ex. Bill vs William)
- Identify other search criteria that may be useful in limiting the search results (Ex. only Green Bay address)
- Test that the [RA9 search logic](#) will return their desired records with the provided parameters.
- Identify if a search is likely to return ‘No Records Found’ prior to submitting an official request.

What are my search options with the UCC QuickSearch?

UCC QuickSearch allows users to search by Debtor or by File Number.

Searching by Debtor is the default options, to search by File Number, select the ‘Search By File Number’ radio button at the top of the QuickSearch page.

Search by Debtor has additional search options to help refine your search. Users must select whether they are searching for an Individual or Organization debtor. (See [Keying Standards](#) for exceptions.)

Individual searches allow you to search with the standard [RA9 search logic](#) or use a ‘Starts with’ option on all of the individual name fields. The RA9 search logic will match what is used for official searches submitted via a UCC-11 information request.

For individuals, RA9 considers initials in the first and middle name fields specially. You may enter a first initial and results will include records with the first name starting with that initial. You may enter a middle initial and results will include records with a blank middle name as well as those starting with or entered with the given initial.

Organization searches allow you to search with the standard [RA9 search logic](#) or use the 'Starts with' or 'All Words' search options. The RA9 search logic will match what is used for official searches submitted via a UCC-11 information request. The 'All Words' search option functions similar to a 'contains' search and will allow you to search for organization names which contain all of the words you enter in the search.

How do I search for filings by filing number?

If you know the filing number of the UCC lien record for which you are searching, you may look the record up directly by selecting 'Search by File Number'.

- For filings completed prior to 7/1/2001 enter the 3-digit [county code](#) followed by the 8-digit filing number in the textbox.
- For filings completed 7/1/2001 thru 7/24/2019, enter the 12-digit filing number in the textbox.
- For filings completed after 7/24/2019, enter the full filing number, including all numbers after the dash ('-') in the textbox.

Click 'Add' to add the filing number to your request. You may request multiple documents in a single order by adding additional file numbers.

How long does it take to receive my search results or copy request?

The length of time that it takes to receive your requested documents varies. Most searches and copy requests can be completed automatically by the system and should be available to you within a few minutes of being submitted.

Some search requests, especially those which return a large number of results, will take longer to generate and may not be available until 20 or 30 minutes after submission.

Some requests cannot be completed automatically by the system. Typically this includes requests which require a copy of a document from prior to 7/1/2001, but may also include other requests. These older document images must be manually searched for and uploaded by staff and will delay the processing of your request.

If you are doing a broad search that will include many pre-2001 filings, consider not choosing to include copies of all documents if you do not actually need those documents. You may find it more time efficient to request a search without copies and then order copies of only those documents that you need to complete your task.

Can I order document copies from the UCC QuickSearch?

Yes, when viewing your search results, check the checkbox on the far right of each row for a document you would like to order a copy of, then click 'Request Copies' at the bottom of the page. The system will present you a list the unique filings you have selected and a total payment amount (\$4.00 per initial filing), you must choose to 'Save and Add to Cart'. From your shopping cart, choose to 'Complete Processing' and complete the payment process.

Why doesn't my amendment/termination appear in the search results?

The QuickSearch only returns initial filing records in the search results. Any amendments, continuations, assignments or terminations associated with the initial filing are reflected in the record and will be returned, along with the initial filing, in a document copy request.

Why do terminated filings still appear in the search results?

Termination filings do not affect the status of a UCC filing. UCC filings are considered 'Active' until their Lapse Date, regardless of whether a termination has been added to the record. Filings are then in 'Lapsed' status for one year until they become 'Inactive'. The 'Termination Filed' indicator in the search results is for reference only.

The UCC QuickSearch will return all relevant filings which are in Active or Lapsed status. The QuickSearch does not return records in Inactive status.

How do I get a copy of a UCC filing submitted to a county Register of Deeds prior to 7/1/2001?

This database includes index data for all filings filed under the Uniform Commercial Code in the State of Wisconsin. This database has filings from all 72 Register of Deeds offices and the Department of Financial Institutions. Each filing agent is responsible for the indexing of the filings they receive. (See [County Code List](#) for cutover dates and filing codes.)

The department does not have copies of documents that were filed with Register of Deeds offices. You will need to contact the Register of Deeds for the given county to retrieve a copy of the filed document.

Can I sort and filter my QuickSearch results?

The results of a UCC QuickSearch can be exported in multiple formats, including Excel which can be used to easily filter and sort the list however you want. You can also export the search results in .doc, CSV, and PDF formats.

Keying Standards

Prior to 7/1/2001 keying guidelines existed within the department which would affect the way a debtor name was indexed. Searchers should be aware that documents filed prior to that date might not be returned when searching the registered corporate name.

Additionally, records filed prior to 7/1/2001 do not contain identifiers for organizations or individuals; therefore matches for individual searches may return organizations that were filed prior to 7/1/2001.

Users searching for organization records that were filed prior to 7/1/2001 should try searching for the organization name in the Individual last name (surname) field as well.

See [Search Tips](#) for suggestions on alternate ways to search for records.

RA9 Search Logic

Search results are created by applying standardized search logic to the name presented to the filing officer by the person requesting the search. Human judgment does not play a role in determining the results of the search. All of the following provisions are applied to conduct searches:

A. The number of matches that may be returned in response to the search criteria is not limited.

B. No distinction is made between upper and lower case letters.

Example: "Smith" equals "SMITH" which equals "smith"; "Consumer Company" equals "CONSUMER COMPANY" which equals "consumer company".

C. Punctuation marks and accents are disregarded.

Example: "Brown, Baxter, and Willis" equals "Brown Baxter and Willis"; "Mary/Jones" equals "MaryJones"; "Rene" equals "Rene"; "René" equals "Ren".

Note: Foreign characters are not recognized and will be treated as accents. Unrecognized characters include but are not limited to: á, æ, ì, ñ, ô, and ü.

Only the letters A to Z in upper or lower case, the numbers 0, 1, 2, 3, 4, 5, 6, 7, 8, and 9, and the symbol &, in any combination, are considered in conducting the search.

"Wesson and Wesson" equals "Wesson & Wesson"; "Two Men and a Truck" does not equal "2 Men and a Truck"; "Jim" does not equal "James"; "Wm" does not equal "William".

D. Words and abbreviations at the end of a name that indicate the existence or nature of an organization are disregarded, including, but not limited to, any of the following or abbreviations of the following:

Agency	National Bank	Association
Assn	Associates	Assc
Assoc	Attorneys at Law	Bank
National Bank	Business Trust	Charter
Chartered	Company	Co
Corporation	Corp	Credit Union
CU	Federal Savings Bank	FSB
General Partnership	Gen part	GP
Incorporated	Inc	Limited
Ltd	Ltee	Limited Liability Company
LC	LLC	Limited Liability Partnership
LLP	Limited Partnership	LP
Medical Doctors Professional	Association	MDPA
Medical Doctors Professional	Corporation	MDPC
National Association	NA	Partners
Partnership	Professional Association	Prof Assn
PA	Professional Corporation	Prof Corp
PC	Professional Limited Liability	Company
Professional Limited Liability Co	PLLC	Railroad
RR	Real Estate Investment Trust	REIT
Registered Limited Liability	Partnership	RLLP
Savings Association	SA	Service Corporation
SC	Sole Proprietorship	SP
SPA	Trust	Trustee
As Trustee		

Search Tips

Surnames with prefixes

When individual surnames are compounded with prefixes, such as D', Mc, O', San, Van, Van Der or Von check names using the apostrophe and/or the space, and also without spaces or apostrophes.

Surnames which are hyphenated

When surnames are hyphenated, such as Smith-Miller check names using the hyphen and also check without the hyphen. Also check using spaces before and after the hyphen and no spaces before and after the hyphen.

Individuals with degrees and titles

Titles and college or university degrees are entered such as DDS, MD and Trustee. The title appears after the first personal name and additional name(s)/initial(s) for filings dated prior to 7/1/2001. For filings dated 7/1/2001 and after, DDS, MD, etc should be entered in the suffix field.

Abbreviations on business names

When business names include the following words: Corporation (Corp), Company (Co), Incorporated (Inc), Limited (Ltd), Division (Div), And (&), Saint (St), Brothers (Bros), abbreviations are used. Also check the name in its entirety.

Initials which make up a business name

When initials make up part or all of the business name, check using spaces between the letters and also with no spaces between the letters.

Business names which include Mr, Mrs, Miss, Ms

When these abbreviations are used as part of the business name, check the abbreviations, and also check as if it were written Mister, Mistress, etc.

Business names which include punctuation

When punctuation is included as part of the name, check using punctuation and without punctuation. Also check using spaces before and after the punctuation and check with no spaces.

Business names which include names of individuals

When business or organization names are composed of names of individuals, check using the individuals first personal name as the first word of the business name and also using the individuals first personal name as the last word of the business name.

Articles as first word in a business name

When the business name is comprised of an article (a, an, the), check using the article at the very beginning and the very end of the business name.
