# FINANCIAL LITERACY SURVEY

## WISCONSIN SCHOOL DISTRICTS

### SEPTEMBER 2013

---

The Governor's Council on Financial Literacy initiated a survey of all Wisconsin public school districts regarding personal financial literacy (PFL) in Wisconsin's schools. Below is information collected from the districts regarding the following questions:

1. Does your district currently have a graduation requirement that includes a course in Personal Financial Literacy (PFL)?
  
  2. Select the option that BEST describes PFL instruction in your district.
    - A. *PFL is not incorporated at different grade levels; but either an elective or required PFL is offered at the high school level.*
    - B. *PFL is incorporated or offered at multiple points at different grade levels and either a required course or elective PFL option is offered at the high school level*
    - C. *D: PFL is formally integrated and assessed in all or most grade levels.*
    - D. *E: PFL is formally integrated and assessed in all or most grade levels **AND** students may elect to take PFL specific coursework in more than one content area.*
    - E. *F: PFL is formally integrated and assessed in all or most grade levels **AND** students are required to take PFL coursework, but may select from more than one option to meet this requirement.*
    - F. *G: PFL is formally integrated and assessed in all or most grade levels **AND** students are required to take a PFL course, however, that course may be taught by teachers of different content areas (same course curriculum).*
    - G. *H: No PFL curriculum is currently offered or integrated.*
    - H. *Other: Every school or grade level integrates PFL differently.*
-
